

GAMES FOR HEALTH
EUROPE

The Games for Health Europe Conference is back!

OUR MISSION: Bring together the best minds in game development and healthcare, to discuss, develop and demonstrate game technologies that improve health, well-being and the delivery of healthcare.

Theme: Beyond the Hype

AI, XR, gamification, innovation. Big promises for the future of healthcare.

What lies beyond the hype?

At GFHEU2026, we're exploring the real value of playful technologies.

Let's go beyond the hype.

Early bird tickets – register now!

Register before the 31st of January and get a **30% discount** on a full conference ticket!

Limited time only!

Submit your talk

Gartner's Hype Cycle shows us the maturation process of innovations.

What stage is your innovation currently at?

How will you move beyond the hype?

Visit gamesforhealtheurope.org to submit your talk!

SUBMISSION DEADLINE: OCTOBER 15, 2025

Acceptation of your submission after review of our scientific committee will be published by November 15, 2025.

Become a part of the Games for Health Europe family!

Become part of our huge network and crowd of friends to obtain an established position in the healthcare market, the serious game market, governmental bodies and large enterprises.
